Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

This application is in condition for allowance except for the presence of claims 1-5 to Invention non-elected without traverse. Accordingly, claims 1-5 have been cancelled.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

Applicant's claims 6-10 are allowable over the references of record because none of these references disclose or can be combined to yield the claimed method for validating the position of a word line overlaying a trench capacitor comprises the steps of: forming a test key in the scribe line region and a plurality of memory cells in the memory cell region and measuring a first current between the first and third plug resulting from applying a predetermined voltage difference between the first and third plug, applying a predetermined voltage level on the rectangular word line and floating the second plug, and a second current between the second and third plug resulting from applying the predetermined voltage difference between the second and third plug, applying the predetermined voltage level on the rectangular word line and floating the first plug; and validating the position of the rectangular word line by the measured first and second currents, in combination with the remaining claimed limitations.

Art Unit: 2811

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
